AUTHOR AND TITLE INDEX TO VOLUME 99

In this Index in alphabetical order are the names of the authors of all articles, followed by the title of the article or case presented and the page numbers on which their articles or cases begin. The asterisk (*) preceding the page number indicates an original article, case report, review article, or special article. Page numbers in the Index refer to bold face (dark) page numbers in the text.

For Subject Index see page [877].

ABSTRACTS FROM SOVIET LITERATURE, 702

Accidents, poisoning: See under Poisons and poisoning

ACTH: See Corticotropin

Actinomycin D
effect, on childhood neoplasms [Shaw et al.], *628

Adenoma
of parathyroid gland in children [Nolan et al.], *622

Adolescence
Adolescent Medicine, Children's Hospital, Washington, D. C., 863
fat thickness and developmental status in childhood and [Garn & Haskell], *746

Adrenals
hyperplasia, congenital: occurrence, in first cousins [Ainger et al.], *636
pheochromocytoma in father and son: report of eighth known affected kindred [abst.], 115

Allergic rhinitis: See Rhinitis, allergic

Alpha keto acids: See Keto acids

A. M. A. JOURNAL OF DISEASES OF CHILDREN
fifty-four years of service: three senior editors (editorial), 711
impact of a policy (editorial), 259

American Board of Pediatrics, Inc.
fees for examinations, increase, 863
specialists certified, 255, 549, 863

American Board of Psychiatry and Neurology
subspecialty certification in child psychiatry, 397

American Heart Association
publications, 862

Amino acids
free, in sweat from patients with cystic fibrosis [Ghadimi et al.], *333

Amino acids—continued
relationship to infantile hypoglycemia [Cochrane], *476

Amino-aciduria: See Urine, amino acids

Amyl nitrite
use in differentiation of Fallot's tetralogy and pulmonary stenosis with intact ventricular septum [abst.], 387

Amyoplasia
congenita: Marfan's syndrome with arthrogryposis [Reeve et al.], *101

Anaphylactoid purpura: See Purpura

Androgens
given during pregnancy: effect on foetus [abst.], 536

Anemia
hemolytic, congenital: exchange transfusion in neonatal crisis of [Pont et al.], *231
iron-deficiency, of infancy: hematopoietic responses to iron-dextran [Bowman], *408
iron-deficiency, of prematurity: use of intramuscular iron in prophylaxis of [Leikin], *739
Lederer's: acquired hemolytic anemia accompanying urinary tract infection [Horowitz et al.], *757
sickle-cell disease: nephropathies of [abst.], 695

ANNOUNCEMENTS, 118, 252, 396, 548, 708, 862

Antibodies
neonatal immunity [Vahlquist], *729

Antigen
quadruple: diphtheria and tetanus toxoids combined with pertussis and polio vaccines [abst.], 860

Antimicrobial agents
chemoprophylaxis during respiratory infections in private pediatric practice [Townsend], *566
occurrence of serious bacterial infections since introduction of [abst.], 392
specific treatment of miliary tuberculosis in children with: follow-up [abst.], 544

Aorta
coarctation: cor triatriatum associated with [Gousios & Cotton], *451

Aorta—continued
transposition of great vessels: pulmonary arteriosclerosis in [Ferguson et al.], *653

Aortic valve
stenosis: neurological disorders in [abst.], 114

APPOINTMENTS

Heald, Felix P., 862
Wolman, Irving J., 120

Arachnodactyly
Marfan's syndrome with arthrogryposis (amyoplasia congenita) [Reeve et al.], *101

Arteries
carotid, internal, thrombosis: in five-year-old child [Teng & Goldenberg], *228
pulmonary, aberrant: bronchial obstruction secondary to [Derrick & Stoeckle], *830
pulmonary: transposition of great vessels: pulmonary arteriosclerosis in [Ferguson et al.], *653

Arteriosclerosis
pulmonary, in transposition of great vessels [Ferguson et al.], *653

Arthrogryposis
Marfan's syndrome with (amyoplasia congenita) [Reeve et al.], *101

Asterol: See Diamthazole

Asthma
children, asthmatic: goiter and thyroid dysfunction following use of iodides in [Falliers], *428

Ataxia
-telangiectasia: report of case [Reye], *238

Atelectasis
pulmonary: physical factors [abst.], 698

Atropine
in mongolism [abst.], 702

Autism
early infantile: review [Chapman], *783

AWARDS: See also POSTGRADUATE EDUCATION
Kenny Scholar awards to Dr. Eduardo Eidelberg and Dr. Leonard S. Wolfe, 550

B

Benzathine penicillin: See Penicillin

Bile ducts
biliary atresia: problems in diagnosis of [Silverberg et al.], *574

Bilirubinemia: See Blood, bilirubin

Blood
bilirubinemia in nonerythroblastotic premature infants [Rapmund et al.], *604
cells: See Erythrocytes
cholesterol: concentrations in serum of infants in relation to diet [Fomon & Bartels], *27
cholesterol, hypercholesteremia, familial: simultaneous occurrence with familial proteinuria [Oliver & Collins], *261
coagulation concepts in reference to hemophilioid states [abst.], 385
globulin: See Gamma globulin; Macroglobulinemia
groups [abst.], 698
hematopoietic responses to iron-dextran: iron-deficiency anemia of infancy [Bowman], *408
heparinized, for exchange transfusion in premature and full-term infants Bentley et al.], *8
hypergammaglobulinemia: See Gamma globulin
lipids: dietary fat in relation to serum, in normal infants [Lindquist & Malmcrona], *39
phosphatase, hypophosphatasia: tissue alkaline phosphatase in [Rosenthal et al.], *185
protein, hyperproteinemia, idiopathic: gastrointestinal protein loss in severe malabsorption complicated by [abst.], 701
sugar, hypoglycemia, infantile: relationship of amino acids to [Cochrane], *476

Blood pressure
systolic, changes, of normal babies during first 24 hours of life [abst.], 700

case in child [Spier & Karelitz], *822

Pigment, ceroid: See Ceroid pigment

Pinworm infection: See Oxyuriasis

Pipamazine (Mornidine)
accidental ingestion in young children [Cann & Verhulst], *534

Pituitary
"hypopituitary" child: metabolic balance, during administration of human growth hormone [Shepard et al.], *74

Plasma-cell hepatitis: See Hepatitis

Pneumonia
pneumococcal, moderate and severe: treatment with oral phenoxymethyl penicillin [abst.], 385
staphylococcal, primary: unusual roentgen manifestations in infants and young children [abst.], 112

Poisons and poisoning
Communications from National Clearinghouse for Poison Control Centers, 260, *380, *534
dextro propoxyphene intoxication, acute: convulsions as manifestation of [Cann & Verhulst], *380
iron medication, hazards of: accidental poisoning in young children [Cann & Verhulst], *688
pipamazine: accidental ingestion in young children [Cann & Verhulst], *534
pipeline for poison information (editorial): National Clearinghouse for Poison Control Centers, 260

Poliomyelitis
changes of cardiovascular system in children with [abst.], 545
poliovirus antibody response after various vaccination schedules and at different ages [abst.], 859

Polyps
duodenal, associated with mucocutaneous melanosis [Tucker & Bolande], *329

POSTGRADUATE EDUCATION
American Academy of Pediatrics' Committee on Postgraduate Courses: arrangements with medical schools, 119
Boston University School of Medicine: training program in management of emotional problems of children, 709
Children's Hospital, Denver: 12th annual summer clinics, June 1960, 548
Children's Hospital of East Bay, Oakland, Calif.: 8th annual Clifford D. Sweet seminar, 709
Children's Hospital of Los Angeles, University of Southern California: training in pediatric hematology, 119
Children's Hospital of Philadelphia: refresher courses in pediatrics, 550
Cook County Graduate School of Medicine in Chicago: course in neuromuscular diseases of children, 708
Federal Association for Epilepsy: new booklets available, 120
Harvard Medical School: postgraduate courses in pediatrics, 548
Houston Neurological Society, Texas Medical Center: symposium, 253
Jewish Chronic Disease Hospital, Brooklyn, N.Y.: residencies in pediatric rehabilitation, 709
Markle Fund aids medical education, 397
Memorial Center for Cancer and Allied Diseases, New York: annual three-day course in pediatric oncology, 253
Memorial Center for Cancer and Allied Diseases, New York: residency in pediatric oncology, 548
Merck loan fund for interns and residents, 118
National Foundation fellowships, 252, 708
National Society for Crippled Children and Adults: research grants, 708
Pediatric Conference for Middle East and East Mediterranean, 863
Raymond Blank Memorial Hospital, Des Moines: pediatric conference, April 1960, 252
St. Christopher's Hospital for Children, Philadelphia: 9th annual seminar for pediatricians, 119, 253, 396, 550, 709
St. Christopher's Hospital for Children, Philadelphia: third-year residency in pediatric subspecialties, 118, 253, 550

POSTGRADUATE EDUCATION—continued
Temple University School of Medicine, Philadelphia: 9th annual seminar for pediatricians, 119, 253, 396, 550, 709
U.S. Public Health Service's bibliography: "Maternal Disorders Related to Fetal Stress, Perinatal Deaths and Congenital Defects", 396
University Hospitals, Babies and Childrens Hospitals, Cleveland: training program in general pediatric microbiology, 253, 396
University of California Medical Center in San Francisco: conference on drugs for children, 118
University of Florida College of Medicine, Department of Pediatrics: training programs, 708
University of Michigan, Dept. of Pediatrics, University Hospital: postdoctoral training fellowships, 252
University of Pennsylvania, Graduate School of Medicine: refresher courses in pediatrics, 550
Western Reserve University, School of Medicine: fellowship in renal research, 119
Western Reserve University, School of Medicine: training program in general pediatric microbiology, 253, 396
Wyeth grants $100,000 to medical schools, 396

Prednisolone
in beta-hemolytic streptococcal infections: improvement in effectiveness of benzathine penicillin with addition of [Breese et al.], *149

Pregnancy
androgens given during: effect on foetus [abst.], 536
foetal erythrocytes in maternal circulation [abst.], 537
immunization in: episodes associated with Rh haemolytic disease of newborn [abst.], 540
"Maternal Disorders Related to Fetal Stress, Perinatal Deaths and Congenital Defects": bibliography, 396

Premature infants
bilirubinemia in nonerythroblastotic [Rapmund et al.], *604
candidiasis, congenital cutaneous [Sonnenschein et al.], *81
creatinine excretion and urine volume of [Cranny & Cranny], *507
enzyme concentration and absorption of protein and glucose in duodenum of [Borgstrom et al.], *338
exchange transfusion: technique [abst.], 546
exchange transfusion: use of heparinized blood for [Bentley et al.], *8
growth, circumferential, of head and over-all body length during first year in [Woolley & Valdecanas], *642

Premature infants—continued
growth: effects of oral norethandrolone on [Meadows et al.], *206
hydrocortisone, half-life, in normal [Cranny et al.], *437
hyperchloraemic uraemia in, on high protein diet [abst.], 860
iron-deficiency anemia: use of intramuscular iron in prophylaxis [Leikin], *739
respiratory disease in: new form [Wilson & Mikity], *489
status of two-year-old children who had received sulfisoxazole in neonatal period after premature birth [abst.], 394
urinary excretion of 17-hydroxycorticosteroids by [Cranny & Cranny], *344

Preschool children
health problems of infants and: mortality and morbidity [Hartman et al.], *67

Procaine penicillin: See Penicillin

PROGRESS IN PEDIATRICS
anaphylactoid purpura in children (Schoenlein-Henoch syndrome): review with follow-up of renal complications [Allen et al.], *833
concepts relating pituitary growth hormone to somatic growth of normal child [Seckel], *349

Protein
and glucose absorption in duodenum of premature infants: enzyme concentration and [Borgstrom et al.], *338
high, in diet: hyperchloraemic uraemia in premature infant on [abst.], 860

Proteinuria: See Urine

Prontosil
test: useful modification of, according to Siede in infants [abst.], 546

Pseudohermaphroditism: See Hermaphroditism

Pseudomonas
septicemia: ecthyma grangrenosum in [Heffner & Smith], *524

Psychiatry
preventive psychiatric concepts: introduction into program of total child care [abst.], 388

Psychology
hospitalization: aid to physical and psychological health in childhood [Solnit], *155

Psychopharmacological agents: See Drugs

Pulmonary valve
stenosis with intact ventricular septum: use of amyl nitrite in differentiation of Fallot's tetralogy and [abst.], 387

Purpura
anaphylactoid, in children (Schoenlein-Henoch syndrome): review [Allen et al.], *833

R

Radiation
exposure, protection from: chest roentgenographic surveys related to x-ray radiation effects and [abst.], 391
induced dysplasias of bone [abst.], 857

Rauwolfia serpentina (reserpine)
effects on behavior and test performance of maladjusted, high-grade retarded children [abst.], 110
use of reserpine and chlorpromazine in disturbed mentally deficient patients [abst.], 111

Reading
difficulties: office management of patients with [abst.], 392
disability children, clinical findings in: special cases of intellectual inhibition [abst.], 388

Recorded medical journal
new publication, VOICE OF MEDICINE: Excerpta Medica Foundation, 862

Research grants: See POSTGRADUATE EDUCATION

Reserpine: See Rauwolfia serpentina

Residencies: See under POSTGRADUATE EDUCATION

Respiration
disorders: new form of respiratory disease in premature infants [Wilson & Mikity], *489

Respiratory tract
infections in private pediatric practice: chemoprophylaxis during [Townsend], *566
new form of respiratory disease in premature infants [Wilson & Mikity], *489

Retardation, mental: See under Mental deficiency

Reticuloendothelial system
granuloma: lipid analyses of tissues [Moe & Hansen], *175

Rheumatic fever
dental caries in children with [abst.], 545
rheumatic heart disease: valvular surgery in young patient with [abst.], 393

Rhinitis
allergic: common cause of recurrent epistaxis in children [Girsh], *819

Ristocetin (Spontin)
clinical evaluation, in children [Dries & Koch], *752

Roentgen rays
diagnosis of anomalous pulmonary venous drainage of right lung into inferior vena cava [abst.], 112
effects and protection from radiation exposure: chest roentgenographic surveys related to [abst.], 391
manifestations, unusual, of primary staphylococcal pneumonia in infants and young children [abst.], 112

S

Salicylates
poisoning: evaluation of efficacy of lavage and induced emesis in treatment of [abst.], 117
salicylism: prompt treatment, with sodium bicarbonate [Oliver & Dyer], *553

Salmonella
infections: encephalopathy in [Zellweger & Idriss], *770

Scaphocephaly
late moulding of scaphocephalic skull [Mullan], *55

Schoenlein-Henoch syndrome
anaphylactoid purpura in children: review [Allen et al.], *833

School phobia
program for early intervention in [abst.], 388

Septicemia
Pseudomonas: ecthyma gangrenosum in [Heffner & Smith], *524

Serum: See also under Blood
and serum substitutes: rapid identification of Candida albicans by filamentation on [Taschdjian et al.], *212

Sex-chromosomes: See Chromosomes

Shigella
Flexner and Sonnei, hydrolysate of: intradermal tests with [abst.], 545

Sickle-cell disease: See Anemia, sickle-cell

Sinus
congenital dermal, communicating: case with embryonal rest tumor of central nervous system [Fisher], *90

Skin
intradermal tests with hydrolysate of Shigella Flexner and Sonnei [abst.], 545
lesion, specific, in gargoylism [Levin], *444
mucocutaneous melanosis: duodenal polyposis associated with [Tucker & Bolande], *329

Smallpox
vaccination followed by acute renal failure [Freud et al.], *98

SOCIETIES
Directory of Pediatric Societies, 122

Sodium bicarbonate
prompt treatment of salicylism with [Oliver & Dyer], *553

Soviet Union
looks at her children (editorial) [Grossman], 712

Spasm
infantile, and hypsarrhythmia [abst.], 539
muscular, intermittent: neurological complication in children on phenothiazine tranquillizers [abst.], 392

Sphygmomanometer
for newborn [abst.], 700

Spontin: See Ristocetin

Stains and staining
fluorescent antibody, of nasopharyngeal smears for diagnosis of pertussis [Donaldson & Whitaker], *423

Staphylococci
antibiotic-resistant: clinical evaluation of ristocetin in children [Dries & Koch], *752
infection in hospital nurseries: nursing techniques, influence of [abst.], 860
infections: current concepts in therapy [abst.], 543
nasal-staphylococcal-carrier states: control of [abst.], 542
infections: seriousness of, since introduction of antibacterial agents [abst.], 392
pneumonia, primary, in infants and young children: unusual roentgen manifestations [abst.], 112
strains: comparison of, isolated from mouth of 2 different groups of children [abst.], 540

Steroids: See also Corticosteroids; and specific steroids as Cortisone
therapy in plasma-cell hepatitis [Page & Good], *288

Streptococci
beta-hemolytic, infections: improvement in local tolerance and therapeutic effectiveness of benzathine penicillin [Breese et al.], *149

Streptomycin
strains of tubercle bacilli initially resistant to: infection of children by [abst.], 391

Sulfisoxazole
in neonatal period after premature birth: status of two-year-old children who had received [abst.], 394

Summer Camp for Diabetic Children
Lake Geneva, Wis., July 17-Aug. 7, 1960: Chicago Diabetes Association, 708
